

# PROTOCOLS FOR ENTERING YOUR HOME

1		2	
<p>When you come home, try not to touch anything.</p>		<p>Take off your shoes.</p>	
3		4	
<p>Disinfect your pet's paws if you were walking it.</p>		<p>With bleach, recommend at more than 140f.</p>	
<p>Take off your outer clothing and put it in a laundry bag.</p>			
5		6	
<p>Leave bag, purse, keys, etc. in a box at the entrance.</p>		<p>Hands, wrists, face, neck, etc.</p>	
<p>Shower or, if you are not able, wash all exposed areas well</p>			
7		8	<p>Prepare a mixture of bleach 20 ml per liter of water.</p>
<p>Clean your phone and glasses with soap and water, or alcohol.</p>			
<p>Clean the surfaces of what you have brought outside with bleach before storing.</p>		<p>Don't forget to wear gloves.</p>	
9		10	
<p>Remove your gloves carefully, throw them away and wash your hands</p>		<p>Remember that it is not possible to do a total disinfection, the objective is to reduce the risk</p>
